Anti-Wrinkle Treatment

Line and wrinkle relaxing treatment can be achieved with a protein called Botulinum Toxin A. Injections can reduce facial expression lines and wrinkles by relaxing specific facial muscles. This causes a reduction in the appearance of lines and wrinkles. Brands of Botulinum Toxin A provided by our medical team include Botox™, Azzalure™ and Bocouture™. These medications can only be prescribed by a qualified and registered nurse prescriber or doctor.

At The Aesthetic Doctors, our goal is to offer natural-looking results. In addition to traditional injection methods, we are delighted to offer Babytox (otherwise known as MicroTox or “mosquito facial”) which refers to innovative methods for rejuvenating your skin while preserving natural facial movements. These techniques offer a refreshed appearance without compromising the authenticity of your expressions and allow you to embrace a more youthful look that feels true to you. Babytox is ideal for you if you would like to soften ageing lines without compromising your ability to express yourself naturally.

All new clients require a face to face consultation (consultation price £50) which is deducted from the final treatment price or refunded if you decide the treatment is not for you. A 2 week review appointment will be arranged free of charge.

1 area	£180
2 areas	£220
3 areas	£260
Each additional area thereafter	+£50
BabyTox	from £180
Neck Rejuvenation	£350

Dermal Fillers

Dermal fillers are injectable substances used to add volume, definition and/or minimise the appearance of lines. Most dermal fillers contain hyaluronic acid – a substance naturally occurring in the body which depletes with age. Dermal fillers are used to restore natural contours. Non-surgical rhinoplasty (sometimes referred to as a “liquid rhinoplasty”) is a non-permanent treatment altering the contour of the nose profile. All new clients require a face to face consultation (consultation price £50) which is deducted from the final treatment price or refunded if you decide the treatment is not for you. A 2 week review appointment will be arranged free of charge.

1ml	£280
1.5ml	£400
2ml	£500
Lip volume	£220 to £280
Non-surgical rhinoplasty	£500
